CopyWriter CD Towers

As the world's original producers of tower duplicators, Microboards understands the importance of reliable technologies that deliver what you want, when you want it. Our innovative history continues with the CopyWriter tower series. No matter how many copiers you require, the CopyWriter tower series provides the perfect solution for your duplication needs. Microboards' affordable, professional-level CD copying system is stand-alone, so no need for multiple cords or computer connections. CD tower copier systems range from configurations of 3, 5, 7, or 10 recorders.

COPYWRITER CD TOWERS

Blu-ray Towers

A new era in recordable media is here. Expected to revolutionize digital and high-definition storage, the Blu-ray disc provides high-capacity data recording and duplication of 25-50 GB per disc.

The CopyWriter Blu-ray series of tower duplicators employs either 4 or 10 recorders. The hard drive comes standard with the Pro system and allows for archiving of up to six 25GB disc images. An intuitive, menu-driven display and a 5-button control interface provide one-touch operation for the novice user while providing advanced features for the professional.

BLU-RAY TOWER FEATURES

- Standalone 4-bay or 10-bay Blu-ray/DVD/CD duplicators
- PC-connect by USB 2.0
- One-touch duplication
- Hard drive standard for BD, DVD, and CD image archival

Microboards' DVD PRO 20-recorder tower pair

Recorders	Dimensions	Ship Weight
3	17 x 7.5 x 10.5	28
5	17.5 x 7.5 x 17	55
7	17.5 x 7.5 x 17	55
10	16.5 x 7.5 x 25	65
20	16.5 x 15 x 25	130

At left, the 1-to-3 tower. At right, the 1-to-7 unit. The 1-to-5 unit is the same size as the 1-to-7 tower. The 1-to-10 unit is the same as seen on the CD page.

Microboards' Premium DVD Copiers feature high-speed, industrial recorders that copy both DVD (18X) and CD (48X) formats. Microboards' tower duplicators use a unique high-quality controller exclusive to Microboards and that's why Microboards always supports the latest record speeds and has the best support in the industry!

Verification Mode

Microboards towers support Bit-to-Bit Data Verification, ensuring a perfect burn every time (data disc only). For CD-Audio and CD-XA (Extra) a basic disc read check is performed.

Two-Year Limited Warranty

The standard warranty for Microboards towers is the industry's best! Our two-year limited warranty easily surpasses the industry-standard single year and includes unlimited phone support. (Two year limited warranty includes controller, enclosure, and power supply. Recorders are covered for one year.) Unlimited phone support is included.

Configurations

Microboards' DVD tower copiers come in a variety of sizes so there is always a perfect fit for your needs. Tower sizes include 1-to-3, 1-to-5, 1-to-7, 1-to-10 units, as well as the 1-to-20 tower recorder pair. Rackmount option is also available.
